Dear Applicant:

In response to your request for more information regarding how to apply for donated dental care, we are pleased to provide the following information and application for the Donated Dental Services Program (DDS), a program of Dental Lifeline Network • Michigan.

ELIGIBILITY:

Dentists in Michigan have volunteered to provide comprehensive dental care at no charge to people of all ages who are permanently disabled, elderly or medically fragile and lack adequate income to pay for needed dental care.

COST:

Qualifying individuals generally pay nothing, but occasionally, people in a position to pay for part of their care may be encouraged to do so, especially when laboratory work is necessary.

DENTAL BENEFITS:

If dental insurance and/or Medicaid cover any portion of your dental problems, you will be asked to exhaust this resource.

APPLICATION PROCESS:

Step One
Complete entire application. Page 5 of the application provides consent for the Program Coordinator to obtain and share information about you and provides consent for your physician to release medical information. Please return the application and both consent forms by mail, fax, or online as directed.

Step Two
When your application is received and you appear to be eligible for DDS, your application will be placed on a waitlist in the order it was received. If you are not eligible, a letter of denial will be sent to you. Depending upon the area you live in, the wait will be several months or can be over a year. Please also be aware that we cannot return phone calls about where you are on the waiting list due to the volume of calls we receive and trying to help people through the program as quickly as possible.

Step Three
When your application comes to the top of the waitlist, DDS will contact you to tentatively determine eligibility. If a volunteer dentist agrees to evaluate your oral health, you will be given the information to schedule a consultation. Final acceptance into the program will be made only after the consultation and when the specific treatment needs are established by a volunteer dentist.

We are sorry you are experiencing a dental problem and we hope the Donated Dental Services (DDS) program may be of some help.

Sincerely,
Donated Dental Services (DDS) Program Coordinator
