More than Dentistry. *Life.*[®]

2015-2016 Annual Report

Dental Lifeline Network

Building the Foundation for the Future

Like many of you, I continue to volunteer with **Dental Lifeline Network (DLN)** year after year because I know that without our help there would be thousands more people in our communities without access to much needed dental services. I am continually inspired by the stories of the patients we serve and the volunteers who serve them, and this is just the beginning.

This past year we focused on three areas all aimed at building capacity to help more people:

- **Increasing our revenue and diversifying our fundraising efforts**
- **Improving efficiencies in program delivery and increasing patient care**
- **Participating in advocacy efforts at the national level to support the integration of dental care with healthcare**

Through these efforts and your support we laid the foundation to serve more people, more efficiently and effectively. Thank you for all you do, our volunteer dentists and labs, dental industry partners, supporters and donor.

Frank A. Maggio, DDS

National Board of Directors

Dental Lifeline Network (DLN) Fiscal Year 2015-2016 Impact

Because of you...
16,000 lives changed

Our Mission

We are a national charitable organization improving the oral health of people with disabilities or who are elderly or medically fragile and have no other way to get help. We accomplish our mission by developing and coordinating collaborative relationships that provide essential resources for direct-service programs, especially charitable care.

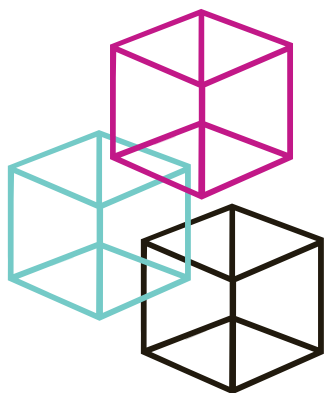

Expanding Programs

Over the past year we worked to improve efficiencies in program delivery and increase patient care to our country's most vulnerable people. We expanded services into Kentucky where we launched the inaugural **Donated Dental Services (DDS)** program.

Life Changing

Dennis, or "Denny" as his friends call him, lives in Iowa. A US Navy veteran he worked on an aircraft carrier on the flight deck during his time of service. Serious health issues plagued him for over a decade and affected his overall oral health. **DDS** and a team of volunteers came to Denny's rescue. Denny now works part time as a caregiver and was recently inducted into the Iowa Rock-n-Roll Hall of Fame with his band, **Street Band**.

 [Read More About Denny](#)

“ It was just a wonderful experience with great people. Before I had it done it was like I was kind of in a shell. And now I've come out of the shell after getting my teeth fixed and it gives me more confidence.”

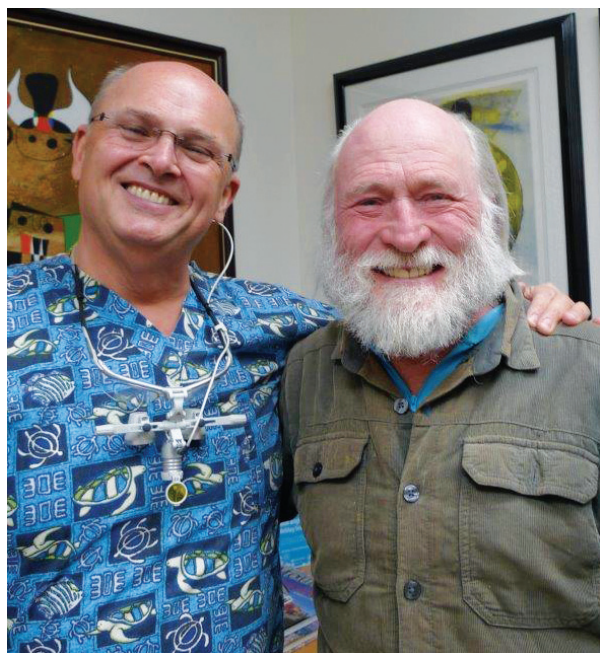

-Dennis, DDS patient

Donated Dental Services (DDS):

Provides comprehensive dental treatment to our country's most vulnerable people with disabilities or who are elderly or medically fragile.

12,365 individuals were served

7,103 of whom received
\$24,610,707 in donated treatment including

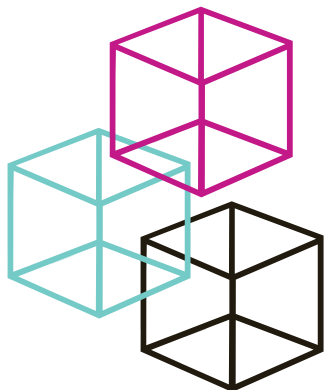

\$2,151,535 contributed laboratory fabrications

Expanding Programs

Dental HouseCalls

Portable dentist offices delivering comprehensive care to people that cannot easily travel to dentist's offices in Colorado, Illinois and New Jersey.

Patients Served: 2,705

Campaign of Concern

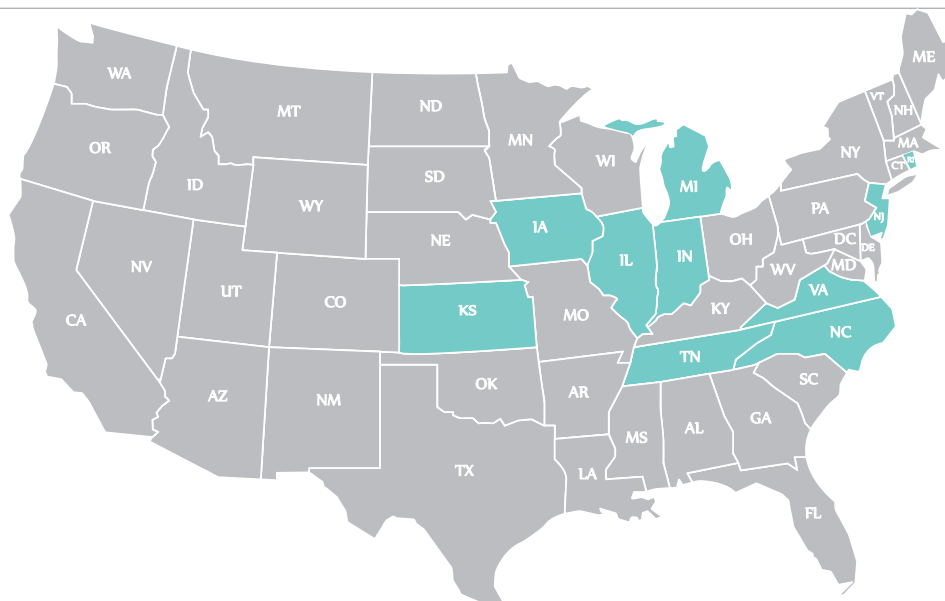

Provided in-service training to 668 parents, clients and Colorado case managers or residential staff who serve people with intellectual and developmental disabilities. Campaign of Concern only operates in Colorado.

Donated Orthodontic Services (DOS):

A program of the American Association of Orthodontists (AAO), operated by DLN.
Enables low-income children to receive orthodontic treatment.

Illinois
Indiana
Iowa
Kansas
Michigan
New Jersey
North Carolina
Rhode Island
Tennessee
Virginia

Volunteers: **533** orthodontists and **29** laboratories participate

Served: **615** low-income children

Donated Treatment: **204** of whom received **\$1,080,145** in dental treatment

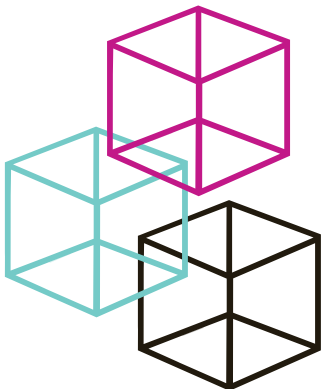

Our Volunteers

To deliver on our commitment to serve those in need, we rely on the support of our volunteer dentists and labs, dental industry partners, and the hundreds of DLN state board and leadership council members who support our programs and recruit dentist volunteers in their local communities.

Donated Dental Services (DDS) Volunteer Dentists: **15,228**

Volunteer Laboratories: **3,710**

DLN Board and State Council Member Volunteers: **200**

“ When I first signed up for DDS I knew I was going to enjoy the experience. I love volunteering and helping in the community but I always left feeling like I could have done more for the patients. With DDS I get to perform comprehensive dentistry and simultaneously work with some of the best materials and laboratories in the industry. I appreciate how DDS removes barriers for me and our patients. ” *-Dr. Stapleton, DDS Volunteer*

Volunteer Spotlight

Kentucky volunteer Dr. Brandon Stapleton, a five-year practitioner, started as a **DDS** program volunteer this year with a dedicated passion for helping the community. He went above and beyond volunteering to treat patients and additionally used social media, and his whole-hearted enthusiasm about the program to recruit more dentists to volunteer in Kentucky. Dr. Stapleton took on his first patient this year, helping a 67 year-old Army veteran who recently had a triple bypass surgery and deteriorating oral health including many missing, decayed and broken teeth. He extracted Wesley's remaining decayed teeth and placed two dental implants and immediate dentures with the help of Straumann USA and Hyde Dental Prosthetics.
