

Dental Lifeline
Network®

2016-2017 Annual Report

Together we are changing Lives.

Dental Lifeline Network (DLN) Fiscal Year 2016-2017 Impact

Because of you...
12,600 lives changed!

Our Mission

We are a national charitable organization working to improve the oral health of people with disabilities or who are elderly or medically fragile and have no other way to get help. We accomplish our mission by developing and coordinating collaborative relationships that provide essential resources for direct-service programs, especially charitable care.

Changing More lives.

This past year we launched our **Will You See One** campaign with the powerful message that our volunteer dentists have the capacity to not only provide donated dental care but to change lives within their community—often in a life-saving way.

We focused on three areas in 2016/2017 all aimed at changing lives and serving more people:

- Expanding our programs through new partnerships such as Seattle Study Club®, dental schools, and more
- Increasing awareness of our programs to new audiences
- Continuing to advocate for the integration of dental care with healthcare

Through these efforts, and your support, we are working together to make a difference in the lives of those we serve and more importantly to the countless people with special needs that need our help. Thank you for all you do, our volunteer dentists and labs, dental industry, supporters, other partners and donors.

Frank A. Maggio, DDS
Chairman

“We are working together to make a difference.”

– Frank A. Maggio DDS - Chairman

Program Services

“It has made a big impact. I didn’t smile for a long time and I missed it. It was time to get it back.”

—Traye, cancer survivor, DDS patient with
Dr. J. Michael Bellamy, North Carolina DDS Volunteer

Over the past year we worked to improve efficiencies in program delivery and increase patient care to expand services to our country’s most vulnerable people. We expanded our partnerships with dental schools and veteran’s programs and increased online engagement of patients and volunteers.

Who We Serve

Cancer survivor Traye lives in North Carolina. Years of chemotherapy and radiation affected his overall oral health. Eating had become a painstaking task and he needed to address his dental care in order to take in the nutrition necessary to push through yet another battle with cancer. The **Donated Dental Services (DDS) program** and a team of volunteer’s came to Traye’s rescue and he was able to continue with his treatments and is now in remission.

[Read More About Traye](#)

Donated Dental Services (DDS):

Provides comprehensive dental treatment to our country’s most vulnerable people with disabilities or who are elderly or medically fragile.

9,202 individuals were served

of whom **6,843** received

\$22,530,731 in donated treatment

Laboratories: **\$2,106,294** contributed in fabrications

Program Services

Dental HouseCalls

Portable dentist office delivering comprehensive care to people that cannot easily travel to dentist's offices in Colorado and New Jersey.

Patients Served: **2,434**

Campaign of Concern

Provided in-service training to parents, clients and Colorado case managers or residential staff who serve people with intellectual and developmental disabilities. Campaign of Concern only operates in Colorado.

Patients Served: **668**

Donated Orthodontic Services (DOS):

Enables low-income children to receive orthodontic treatment. This program is operated in partnership with the American Association of Orthodontics.

Volunteers:

577 volunteer orthodontists and
29 volunteer laboratories participate

Served:

218 low-income children

Donated Treatment:

204 of whom received **\$582,562** in dental treatment

Our Volunteers

Our volunteer recruitment efforts are multi-faceted including peer-to-peer recruitment, state specific newsletters and e-blasts, staff recruitment through meeting presentations, individual asks and partnerships with other national organizations. The launch of the new Will You See One campaign provided additional tools to support our ongoing efforts to recruit more dentists to help us serve more people.

Donated Dental Services (DDS) Volunteer Dentists: **14,794**

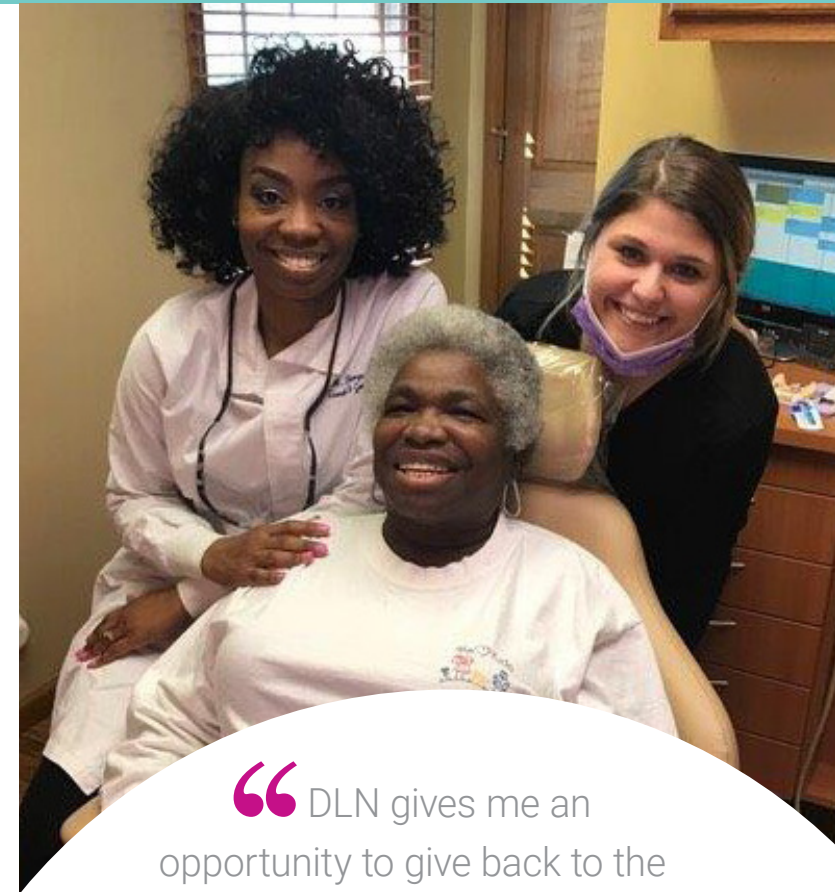

Volunteer Laboratories: **3,546**

Board and State Council Member Volunteers: **320**

Volunteer Spotlight

For Dr. Sarah Thompson, volunteering with DDS is more than just a good deed—it's an opportunity to make work more meaningful. During the past 9 years, Dr. Thompson and her staff have treated multiple DDS patients in Illinois, including many whose dental health was adversely affected by other health conditions. Dr. Thompson advocates for her patients by encouraging labs across the state to donate their services. She truly values the DDS program because she understands the need for dental services for vulnerable populations is so widespread. She enjoys the ease of volunteering, appreciates the pre-screened individuals, and helping those who are in significant need of support and are always so appreciative. "Sometimes we are getting more out of it than them. It makes it feel worthwhile."

[Read More About Dr. Thompson](#)

“DLN gives me an opportunity to give back to the community and I don't have to find or create a personal charity. It makes our work not just work. It just brings heart and soul and it makes the workday so much more meaningful because the patients that come from DDS are always so grateful and they really need the dental care.”

— Dr. Sarah Thompson, DDS Volunteer - Illinois

Diversifying Revenue

Our fundraising efforts allow the organization to positively impact those we serve. This year we expanded our fundraising efforts with the launch of a peer-to-peer fundraising campaign: Lifeline Heroes Challenge, a corporate giving campaign: Every Smile Counts and the launch of DLN's Legacy Society to promote planned giving and recognize those who are including DLN in their estate plan.
