Network®

2017-2018 Annual Report

Community of Giving

Dental Lifeline Network (DLN) Fiscal Year 2017-2018 Impact

Because of you...
13,577 lives changed!

Our Mission

Dental Lifeline Network is a national charitable organization working to improve the oral health of people with disabilities or who are elderly or medically fragile and have no other way to get help. We accomplish our mission by developing and coordinating collaborative relationships that provide essential resources for direct-service programs, especially charitable care.

DDS Volunteer Dr. James I. Armbruster
with his special needs DDS Patient, Frank.

Giving Back In Our Communities

Through the contributions of our volunteer dentists and the generous donations by labs we continue to serve more elderly, veterans, people with disabilities, and those that often need life-saving care. This past year we served more people with special needs across our local communities.

DLN couldn't sustain these efforts without the ongoing support of individual contributions as well as the continued support and donations from local governments, foundations and the dental industry. I am proud to be a part of such a generous community of giving—thank you!

We focused on three areas in 2017/2018 aimed at serving more people with special needs:

- Increasing awareness of our programs to new audiences through the **Will You See ONE** campaign, especially to potential volunteers
- Raising more money that enabled us to help more people
- Continuing initiatives in integrating oral and overall health advocacy and education

These efforts, combined with your support, made a difference in the many lives of those we served this past year. Thank you for all you do, our volunteer dentists and labs, dental industry supporters, other partners and donors.

Frank A. Maggio, DDS
Chairman

“We are making a difference in our communities.”

– Frank A. Maggio DDS - Chairman

“Dr. Mora and her staff are great. Downright the best people I’ve ever met. Such a great program and I am very grateful.”

—Darrell, U.S. Marine Corps Veteran and DDS Patient with
Dr. Cheryl Mora, Illinois DDS Volunteer

Over the past year, we expanded our state program funding to serve more people in more communities. DLN expanded its partnerships with dental schools and veteran’s programs and increased online engagement of patients and volunteers.

DDS Patient Spotlight

Elderly veteran Darrell lives in Illinois and is a U.S. Marine Corp veteran. He recently developed heart issues and his physician recommended addressing his oral health concerns to reduce further complications with his overall health. **Donated Dental Services (DDS)** program, Dr. Mora and her staff helped restore Darrell’s oral health and put him on the path of overall recovery.

[Read More About Darrell](#)

Donated Dental Services (DDS):

Provides comprehensive dental treatment to our country’s most vulnerable people with disabilities or who are elderly or medically fragile.

9,874 individuals were served

of whom **7,815** received

\$26,606,679 in donated treatment

Laboratories: **\$1,965,760** contributed in fabrications

Program Services

*DDS Volunteer Dr. Lindsay Compton
with her DDS Patient, Tina.*

Dental HouseCalls

Portable dentist office delivering comprehensive care to people that cannot easily travel to dentist's offices in Colorado and New Jersey.

Patients Served: **1,363**

Campaign of Concern

Provided in-service training to parents, clients and Colorado case managers or residential staff who serve people with intellectual and developmental disabilities. Campaign of Concern only operates in Colorado.

Patients Served: **1,822**

Donated Orthodontic Services (DOS):

Enables low-income children to receive orthodontic treatment. This program is operated in partnership with the American Association of Orthodontics.

Volunteers:

597 volunteer orthodontists and
29 volunteer laboratories participate

Served:

518 low-income children

Donated Treatment:

89 of whom received **\$495,983** in dental treatment

Our Volunteers

Our volunteer recruitment efforts are multi-faceted including peer-to-peer recruitment, state specific newsletters and e-blasts, staff recruitment through meeting presentations, individual asks and partnerships with other national organizations. The launch of the new Will You See One campaign provided additional tools to support our ongoing efforts to recruit more dentists to help us serve more people.

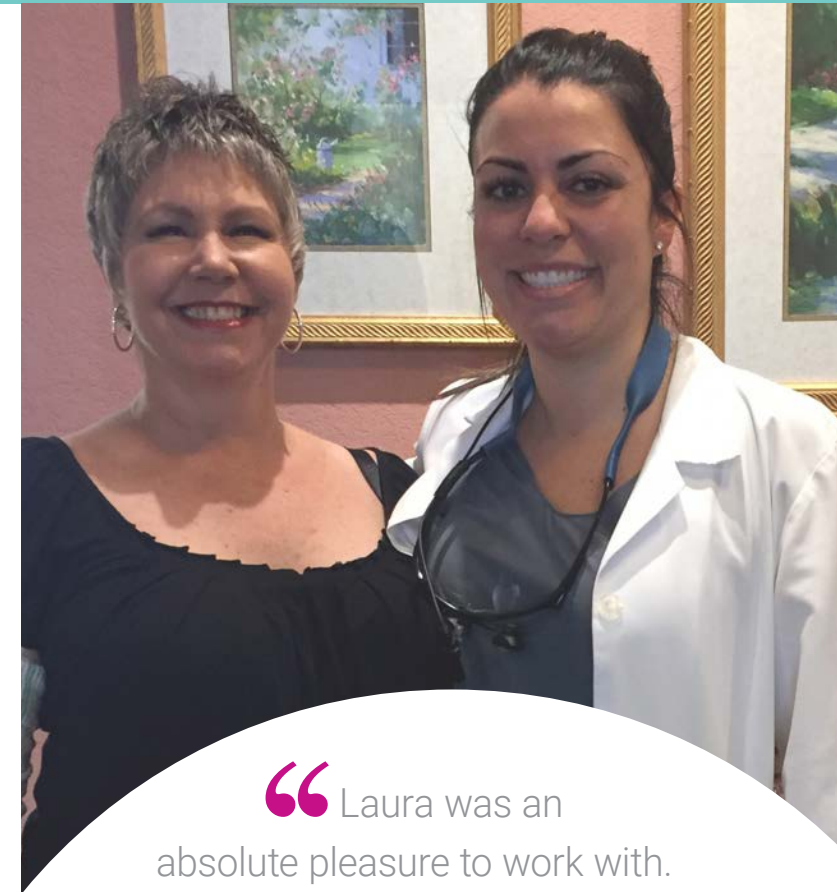

Donated Dental Services (DDS) Volunteer Dentists: **14,723**

Volunteer Laboratories: **3,464**

Volunteer Spotlight

Dr. Lauren Krauser began volunteering just three years ago with the **Donated Dental Services (DDS)** program and recently had the opportunity to provide life-saving care. Laura needed dental clearance before she could undergo a stem cell transplant. Dr. Krauser and her team donated the comprehensive treatment she needed to be cleared for the transplant and bring her one-step closer to her road to recovery. Giving back to our community in a meaningful way and the ease of volunteering are two reasons she and her staff enjoy volunteering with the DDS program.

[Read More About Dr. Krauser](#)

“ Laura was an absolute pleasure to work with. She was very easy to get along with and supremely flexible with when she could come in. Most of all she was grateful for the services provided. She sent me the most beautiful heartfelt letter. That was the best form of payment I have ever been given. ”

– Dr. Lauren Krauser, DDS Volunteer - Florida,
with DDS Patient Laura

Diversifying Revenue

Our fundraising efforts allow the organization to positively impact those we serve. This year we expanded our fundraising efforts with our peer-to-peer fundraising campaign: Lifeline Heroes Challenge, a corporate giving campaign: Every Smile Counts and the continuation of DLN's Legacy Society to promote planned giving and recognize those who are including DLN in their estate plan.
