A message from our Board Chairman Frank A. Maggio, DDS

Our fiscal year ended in June 2020, just a few months after COVID-19 hit and closed down dental offices. That left many of our patients waiting for treatment in what is usually our busiest quarter. Despite the chaos, we still made an incredible difference in the lives of more than 11,000 people. Amazingly, dentists rose to the occasion and began to see patients as soon as they could. And many of our donors and partners went above and beyond, making significant donations and other support—for that we are very grateful!

One particular bright spot is our continued effort to give back to our veterans with special needs across our local communities. Thanks to the many of supporters of Lifeline Heroes Challenge, we were able to help 1,064 veterans. Primarily because of COVID-19, the total number of volunteer dentists decreased to 15,318 from 16,000 last year but we remained stable with nearly 3,500 labs donating prosthetics.

We could not have had this success without the ongoing support of individual contributions as well as the continued support and donations from local governments, foundations and the dental industry. Additionally, we are thankful for the many organizations who helped us spread the word through emails and letters to their members and supporters about Dental Lifeline Network's programs.

We focused on three areas in 2019/2020 aimed at changing and saving lives and serving more people with special needs:

- Serving veterans through the Will You See One Vet campaign
- Increasing revenue that enabled us to help more people, particularly veterans
- Continuing initiatives in integrating oral and overall health education

These are challenging times, and we will be pleased if we can maintain services in the coming fiscal year. I am beyond grateful for the continued service I see across our community. Thank you for all you do, our volunteer dentists and labs, dental and insurance industry supporters, other partners and donors—you make DLN the success it is.

Many Thanks!

Focus Areas

We focused on three areas in 2019/2020 aimed at changing lives and serving more people with special needs:

Serving Our Veterans

We worked this past year to introduce our programs to new audiences through the Will You See One VET campaign, reaching dental students and engaging our partners to reach more potential volunteers.

Changing & Saving Lives

We continue to lead efforts to integrate oral and overall health education to patients and dentists.

Increasing Revenue

We expanded our supporters and partnerships to raise more money to help more people.

Serving Our Veterans

Over the past year we launched the Will You See One Vet campaign that included creating radio Public Service Announcements (PSAs) played across the country, print advertisements and support from our dental membership partners.

Volunteer Spotlight

For more than 33 years Dr. Martello has been volunteering with Dental Lifeline Network as a board member and volunteer.

“The DLN/DDS patients I’ve seen over four decades have been great, and so grateful for the help.”

Increasing Revenue

This year we launched our *Lifeline Heroes Challenge* for Vets program that brought all aspects of the dental industry together. Including a gift from the American Heroes Fund, which was established by the ADA Foundation in honor of Dr. Loren Feldner. Additional contributors included Delta Dental, Guardian, Benco, Henry Schein, Patterson and many generous manufacturers.
