ANNUAL REPORT

THE STORY

Darlene is an elderly woman who lives with her husband in Mesa. She wears a hearing aid, and takes medication for her high blood pressure and diabetes. Unfortunately, due to her health problems, Darlene's dental health had declined. She had 12 teeth left that were decayed and a 25-year-old denture that no longer fit properly. Now retired, Darlene lives on a small fixed income and she was not able to afford the dental treatment she so desperately needed.

HOW DDS HELPED

Fortunately, Darlene applied to the **Donated Dental Services (DDS)** program and was linked with three generous volunteers that restored her dental health and smile.

- Dr. Dallin Snow, DLN • AZ Leadership Council member, provided a comprehensive exam, restored seven teeth, and donated a partial upper and lower denture.
- John Henry and Crane Dental Arts fabricated the partial upper and lower dentures at no cost.
- Bertram Dental Lab fabricated the appliances for the partial dentures.

Dr. Dallin Snow and DDS patient Darlene

“ Dr. Snow was a doll! The whole office was wonderful and treated me like every other paying patient; they were very, very nice!”

- DARLENE, DDS PATIENT

“ Darlene brought a gift and the nicest card thanking everyone in the office for our service. She even remembered everyone's name and mentioned them by name in the card.”

- DR. DALLIN SNOW, DDS VOLUNTEER AND DLN • AZ LEADERSHIP COUNCIL MEMBER
