DONATED DENTAL SERVICES (DDS)

Dear Applicant:

The following pages are the Donated Dental Services (DDS) Program Application.

ELIGIBILITY:

Dentists in your state have volunteered to provide free dental care.

If you have a permanent disability, or are over 65 years old, or are medically compromised and do not have enough money to pay for dental care, you may qualify for free treatment through the DDS program.

COST:

If you qualify, you may not need to pay for anything. From time to time, people who can pay for part of their care may be asked to do so, like when laboratory work is needed.

DENTAL BENEFITS:

If you have dental insurance (even through Medicaid), you will need to use that first. Please provide a copy of your dental coverage and/or a letter of denial with your application.

APPLICATION PROCESS:

Step One
Fill out the entire application the best that you can. Do not leave any sections blank. Please provide proof of income, and if you are disabled include proof of disability (e.g., SS Award Letter) with your application.

Step Two
When we get your application, we will decide if you appear eligible for the program. If so, we will put you on the waiting list in the order your application was received. If you are not eligible, we will send you a letter of denial. The wait will be several months or can be over a year in some areas. We cannot return phone calls about where you are on the waiting list.

Step Three
When your application comes to the top of the waiting list, DDS will contact you and go over the application with you. If you are eligible, you will be referred to a volunteer dentist. If a volunteer agrees to see you, you will schedule an appointment. Final acceptance will be made after the first appointment with the dentist.

We are sorry you are having a dental problem. We hope the Donated Dental Services (DDS) program may be of some help.

Sincerely,

DDS Program Coordinator

Please keep this page for your records.
Frequently Asked Questions

1. I have questions about how to fill out the application; who can I call?
   - Do your best to complete as much as you can. Remember to sign page 4 of the application. When you are at the top of the waiting list, we will call you to review your application.

2. How will I know if you received my application?
   - A postcard will be mailed to you within a month of your application being received.

3. How can I find out where I am on the waiting list or how long I have to wait?
   - We are unable to answer this question. The waiting list is based on the number of volunteers in your area and how many people are already waiting for services.

4. I have a dental emergency, can you help?
   - We are NOT able to offer emergency treatment due to the amount of people on our waiting list. In addition, once an applicant becomes an active patient, it can still take 4 weeks or longer to find a dentist.

5. How far will I have to travel?
   - We will try to send you to a volunteer close to where you live.

6. Where do I send my completed application?
   - The mailing address and fax number are on page one (1) of the application at the top left corner.

7. Who pays the dentists?
   - Dentists are not paid by anyone. They have agreed to donate their time to treat our patients.

8. What kind of dental work can I get through the DDS program?
   - The dentist will come up with the treatment plan. The goal is to make sure you are pain-free and able to eat properly. The DDS program does not typically provide dental implants.

9. Is there an income limit to get help?
   - The program is here to help people who cannot afford the treatment they need. Each application will be reviewed to decide whether you qualify for the program. If you believe you cannot afford your dental care, please apply.

10. What should I write in the Referral Agency Section?
    - Please give the name of the agency that gave you the application or the name of the agency that you go to for services; such as dialysis clinics, human services organizations, aging services, etc.

11. What does “Medically Triage” mean?
    - Your doctor has told you that you need medically necessary dental care. Examples of such treatment includes needing dental clearance in order to receive a transplant, start chemo or neck/head radiation, surgery, starting new medications, etc.
    - If you fit within these criteria, your doctor will have to fill out a form stating that your dental issues are affecting your medical condition/s. The DDS Coordinator will send you a copy of the form once your application is received or it can be found on Page 6 of the hard-copy application.

12. Who can fill out the Medical Triage form?
    - Please take the Medical Triage form to your treating physician or nurse.

13. Can I choose the dentist I go to?
    - No. We match you with a dentist from the program who is located near where you live.
