"I can now eat healthy, I've been slowly starting to exercise again-- I can actually eat like a normal person again and I don't even know how to express my gratitude. There just aren't enough words, your generosity has given me a pathway back to being healthy that I thought was closed off to me forever."

A MESSAGE FROM OUR BOARD CHAIR

Dental Lifeline Network is so grateful for the continued support of our volunteer dentists, labs and industry supporters. Together with the rest of the dental industry, this was the year of transitioning from a major pandemic to our new normal. Like all of you, we are embracing the change and learning how we can continue to grow our volunteers and serve more patients.

This past year we focused on three key initiatives:

- New leadership positions to support the current executive team. Lynda Ricketson came on as the new CEO & President and Patrick Hayes as Vice President of Development.
- Engaging new partnerships and deepening current relationships to increase our revenue and recruit more volunteers.
- Expanding our program to new states to serve more people with special needs.

Thanks to each and every one of you for all you do!

Chairman

Thank you for such a warm welcome from the dental community. I am continually amazed at the generosity of our community and the impact it has on those in need.
