## At Dental Lifeline Network, your time and skills matter.

That's why we've made volunteering easy for compassionate dental professionals like you.

From screening those in need to managing coordination seamlessly, we've got it all covered.

When you volunteer with Dental Lifeline Network's Donated Dental Services (DDS) program, you change lives, find your purpose, and redefine success.

DLN has allowed me to provide care to a group that would otherwise be unable to receive it. It's very important for our communities, and for medically compromised patients, it can mean a world of a difference.
