At Dental Lifeline Network, your time and skills matter.

That's why we've made volunteering easy for compassionate dental professionals like you.

From screening those in need to managing coordination seamlessly, we've got it all covered.

When you volunteer with Dental Lifeline Network's Donated Dental Services (DDS) program, you change lives, find your purpose, and redefine success.

DLN and the work of the organization is extremely important. 50% of Americans don't usually see the dentist for a host of reasons, the number one reason usually being finances. Anything we can do to bridge the gap in the American population is a gift.
