At Dental Lifeline Network, your time and skills matter.

That's why we've made volunteering easy for compassionate dental professionals like you.

From screening those in need to managing coordination seamlessly, we've got it all covered.

When you volunteer with Dental Lifeline Network's Donated Dental Services (DDS) program, you change lives, find your purpose, and redefine success.

The DDS program supports an element of people who fall through the cracks. This program takes those people and volunteering has so many rewards. It makes your heart feel good and you know that you have helped a person. The smile that they give you when you finish is absolutely priceless.
