How it Works:

MATCH

We match your dentists with a pre-screened patient that comes to your dentist's office.

DECIDE

Your dentist decides if they want to take on the case.

SEAMLESS COORDINATION

DLN handles all aspects, ensuring a hassle-free experience.

Empower Lives, Empower Teams

Are you part of a dental support organization or group practice with a heart for giving back?

Dental Lifeline Network invites you and your team to become a driving force for positive change through our Donated Dental Services (DDS) program.

By volunteering you'll bring smiles, hope and a brighter future to those who need it most.

“ It’s beyond the ownership, beyond the mentorship, and the education because how are you giving back to the community? DLN is a way I could give back and I’d love to make more emerging groups aware of what we do and how to get involved. ”

Bill Neumann,
CEO Group Dentistry Now
Former DLN National Board Member

Dental Lifeline Network is a national nonprofit and strategic partner of the American Dental Association. More than 12,700 volunteer dentists and 3,200 laboratories participate in DLN's Donated Dental Services program nationwide.
