# Why WE Dental...

At Dental Lifeline Network your time and skills matter.

If you are a lab interested in providing charitable care to people in need, we want your help.

From clearing up painful dental infections to giving patients back the ability to eat a healthy diet, volunteering with Dental Lifeline Network will make a life-changing difference in the lives of the patients we are able to help.

For many adults, right here in our own community, dental care is not an option. Dental Lifeline Network is looking for dentists who can change this.

“ Drake Dental Lab volunteers with DLN because our team is passionate about providing essential oral health care to individuals in need, contributing to their overall health, well-being and quality of life. ”
