

“
This is
Why WE Dental.
”

Live Your “Why” and
let’s do good together

Empower Lives, Empower Teams.

Are you part of a dental support organization or group practice with a heart for giving back?

Dental Lifeline Network invites you and your team to become a driving force for positive change through our Donated Dental Services (DDS) program.

By volunteering you’ll bring smiles, hope and a brighter future to those who need it most.

Volunteering is easy. Here’s how it works:

Match

We match your dentists with a pre-screened patient that comes to your dentist’s office.

Decide

Your dentist decides if they want to take on the case.

Seamless Coordination

DLN handles all aspects, ensuring a hassle-free experience.

WHYWEDENTAL.ORG

Dental Lifeline Network is a national nonprofit and strategic partner of the American Dental Association. More than 12,700 volunteer dentists and 3,200 laboratories participate in DLN’s Donated Dental Services programs nationwide.
