Why I Dental...

At Dental Lifeline Network we understand that your time is valuable, yet we also recognize the profound impact your skills can have on your community. That's why we've made it incredibly easy for compassionate dental professionals like you to give back to those in desperate need of oral care.

From clearing up painful dental infections and helping others eat again, volunteering with DLN's Donated Dental Services (DDS) program will make a lifechanging difference.

For many adults, right here in our own community, dental care is not an option. Dental Lifeline Network is looking for dentists who can change this.

“Whenever I volunteer to see a patient from DLN, I help find dentistry for those that can't access it.”

Brett Kessler, DDS
ADA President &
Donated Dental Services Volunteer

Dental Lifeline Network is a national nonprofit and strategic partner of the American Dental Association. Around 12,000 volunteer dentists and 3,300 laboratories participate in DLN's Donated Dental Services program nationwide.

OUR VISION
